

30W RGB+CCT LED Floodlight

2.4GHz Remote & Smart phone APP control, support third party voice control, 16 million colors, CCT, brightness and saturation controllable. Signal transmitting & Modes synchronization.

Product Parameters

Product Name: 30W RGB+CCT LED Floodlight

Model No.: FUTT03

Power: 30W

Input Voltage: 100-240V~ 50/60Hz

Working Temperature: -20-45°C

Color Temperature: 2700K-6500K

Luminous Flux: 2800LM

Luminous Efficiency: 85LM/W

Standby Power Consumption: 1.2W

CRI: >80

PF: >0.9

Lifespan: 50000 hours

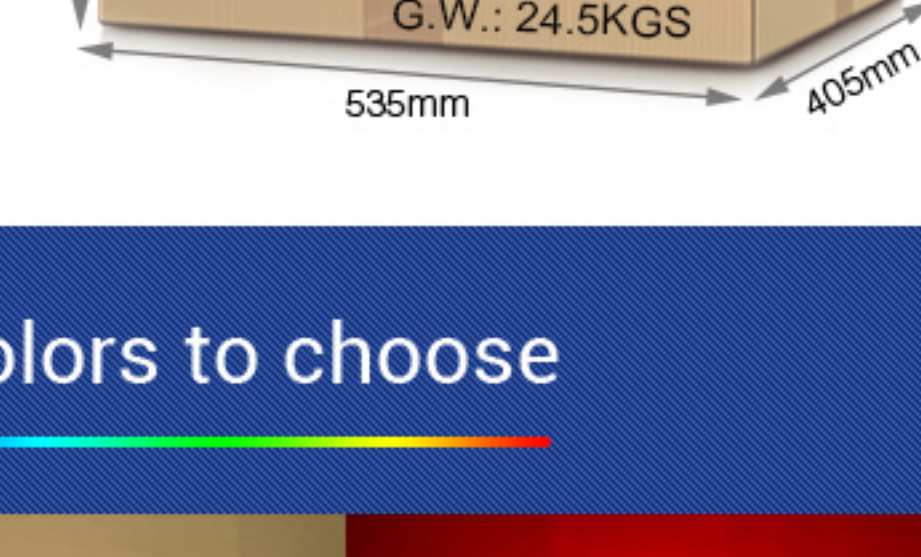

Beam Angle: 160°

IP Rate: IP65

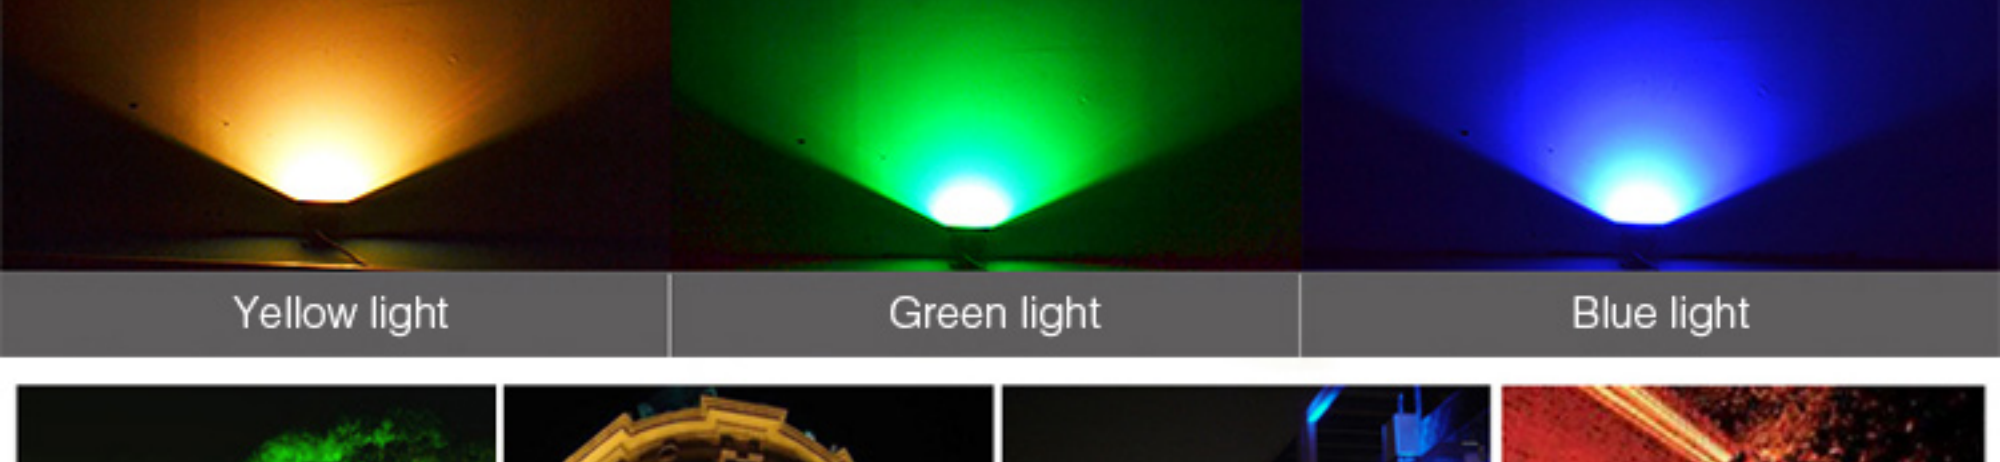

RF: 2.4GHz

Transmitting power: 6dBm

Control Distance: 30m

16 Million colors to choose

Control has never been easier

2.4G remote control, Smart phone APP control, enjoy the convenient life bring by technology (* Need 2.4GHz Gateway(WL-Box1) for smartphone APP control)

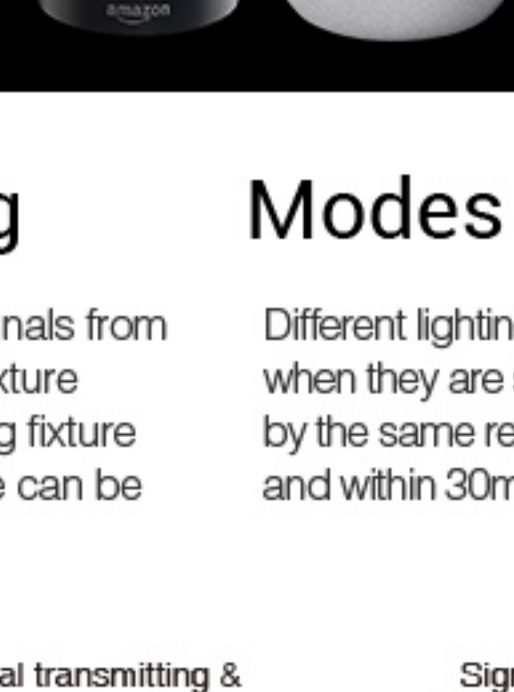

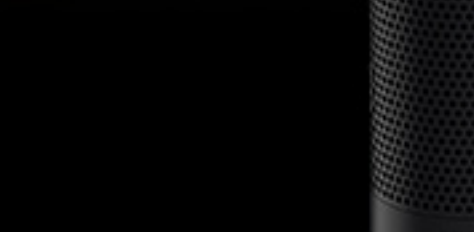

Compatible with

Support Third Party Voice Control

It need 2.4GHz gateway(WL-Box1) for third party voice control

Signal transmitting

One lighting fixture can control to another lighting fixture within 30m, as long as there is a lighting fixture within 30m, the remote control distance can be limitless.

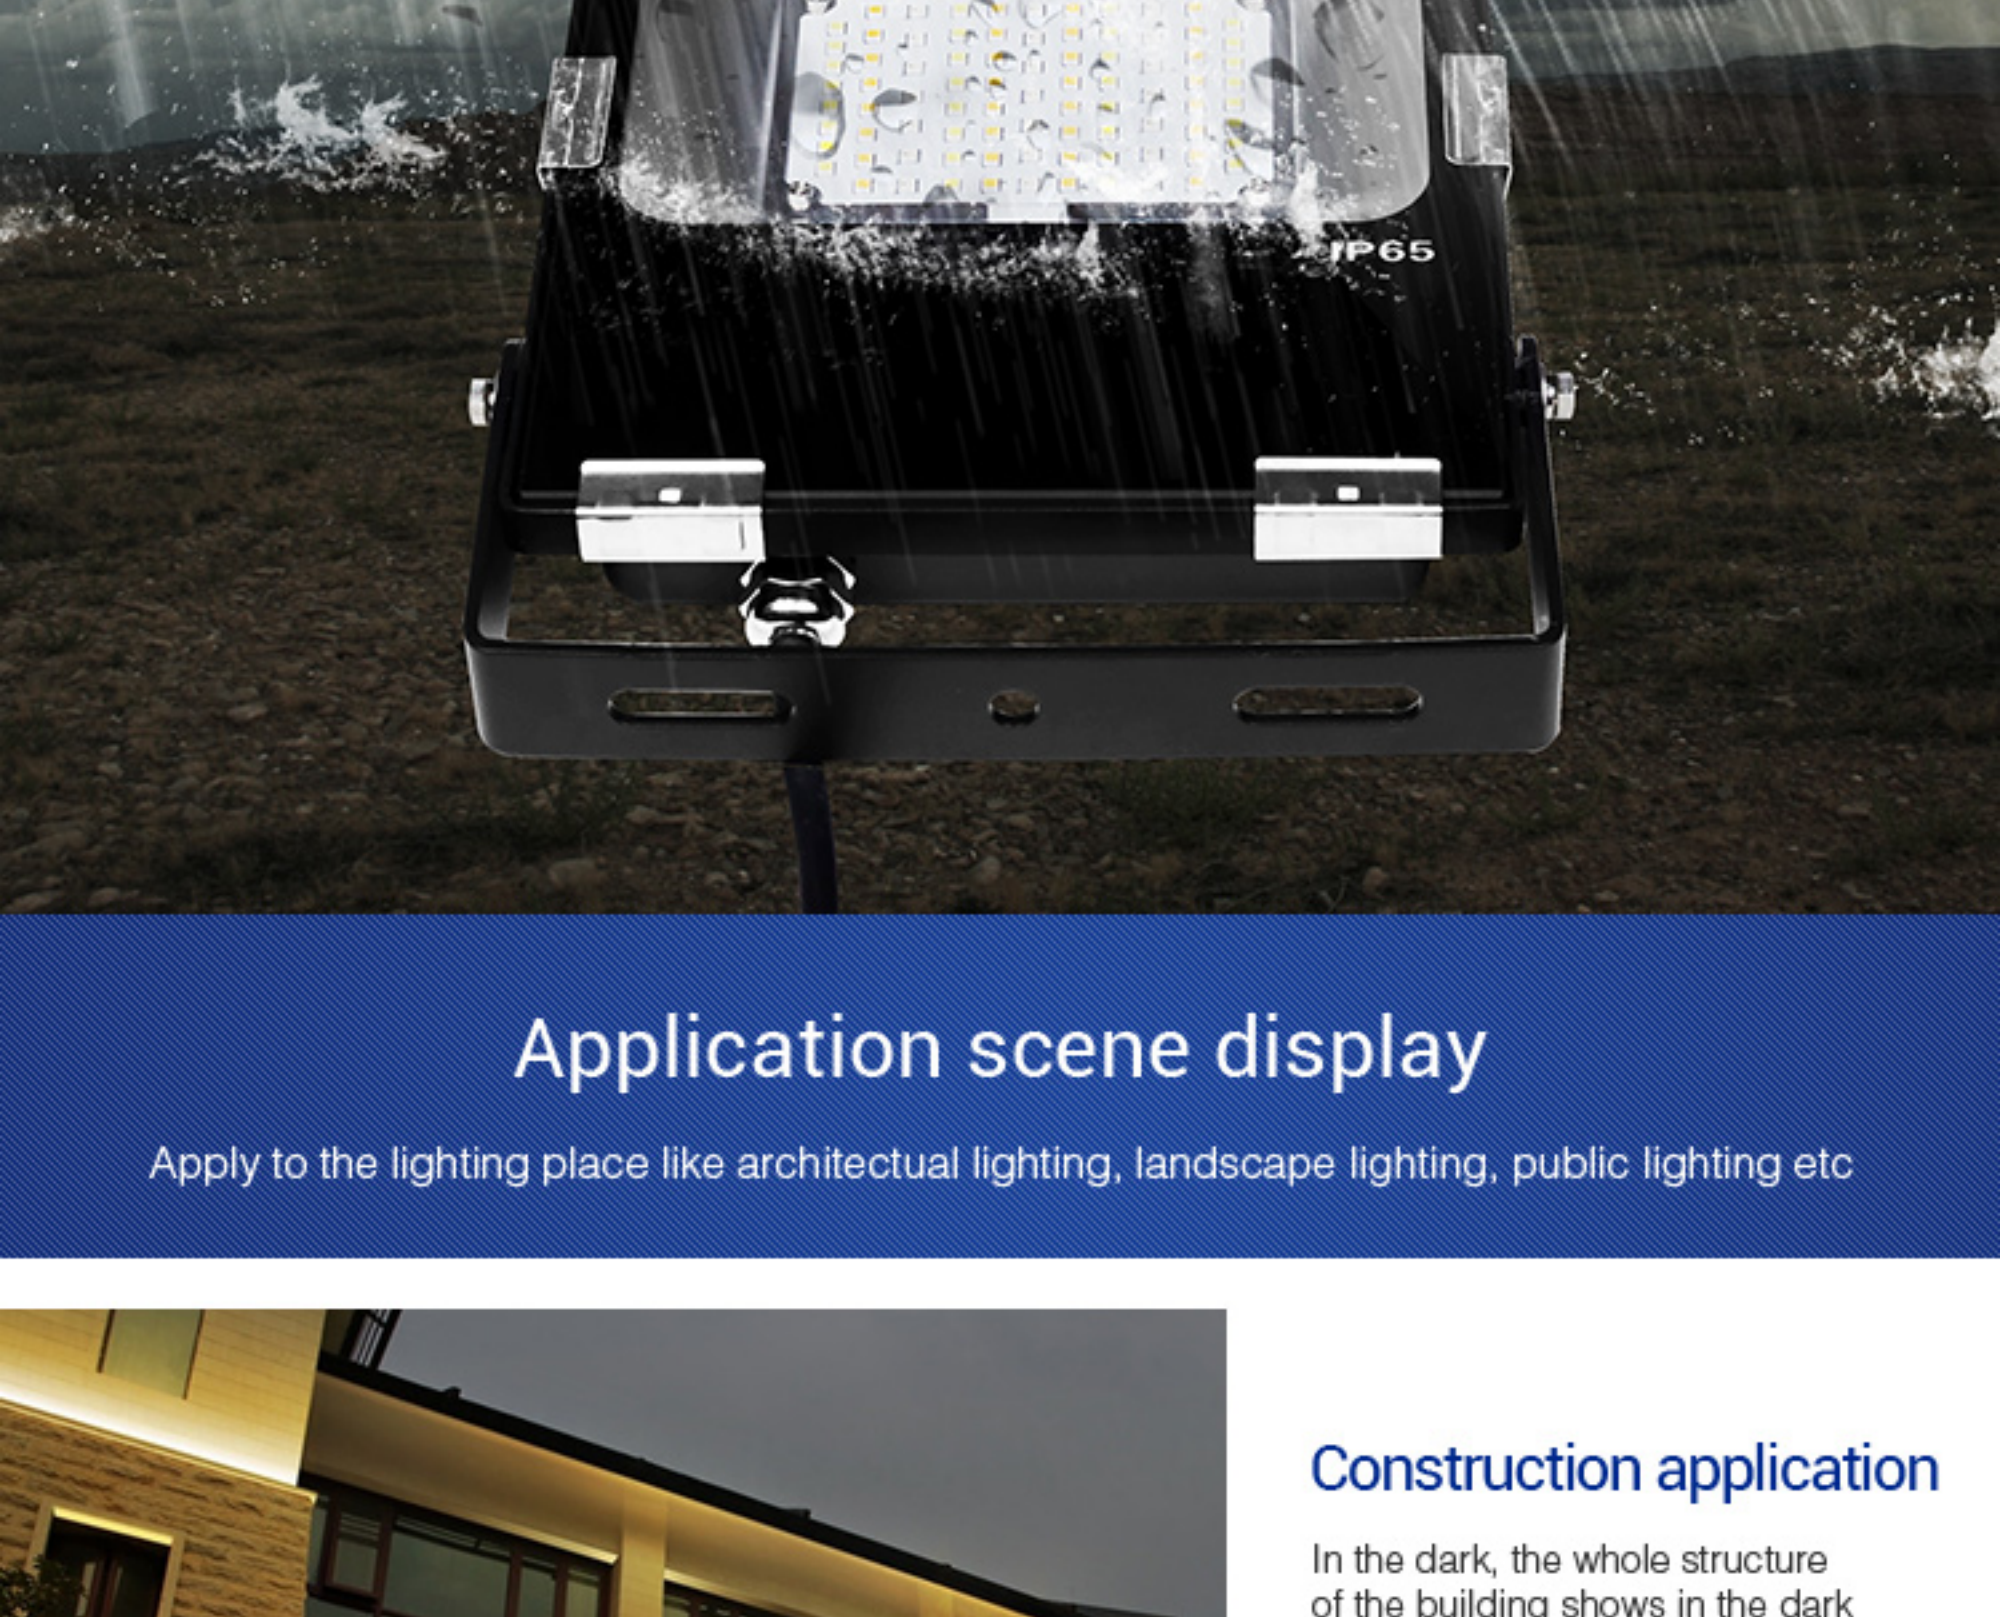

Modes synchronization

Different lighting fixture can work synchronously when they are started at different times, controlled by the same remote, under same dynamic mode and within 30m distance.

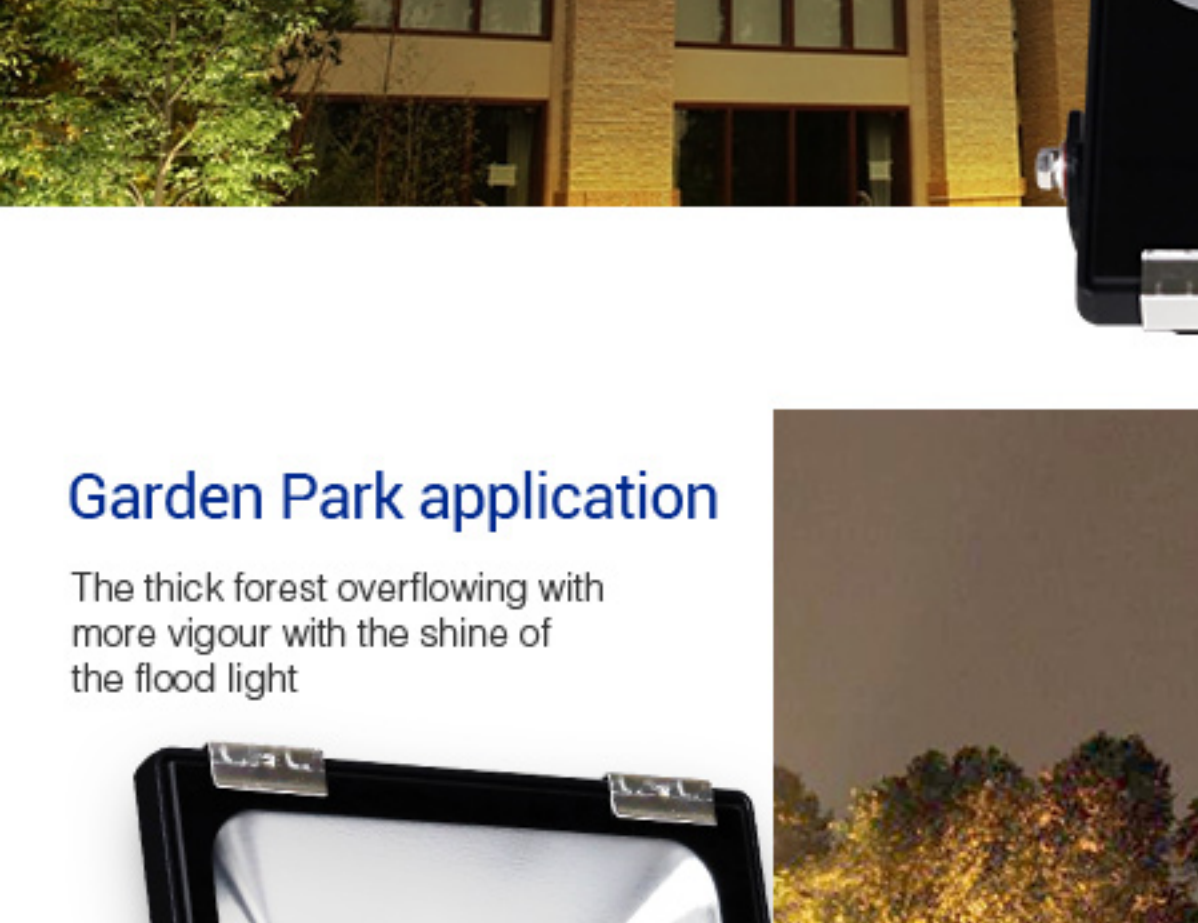

IP65 Waterproof

Professional waterproof technology, High performance waterproof

Application scene display

Apply to the lighting place like architectural lighting, landscape lighting, public lighting etc

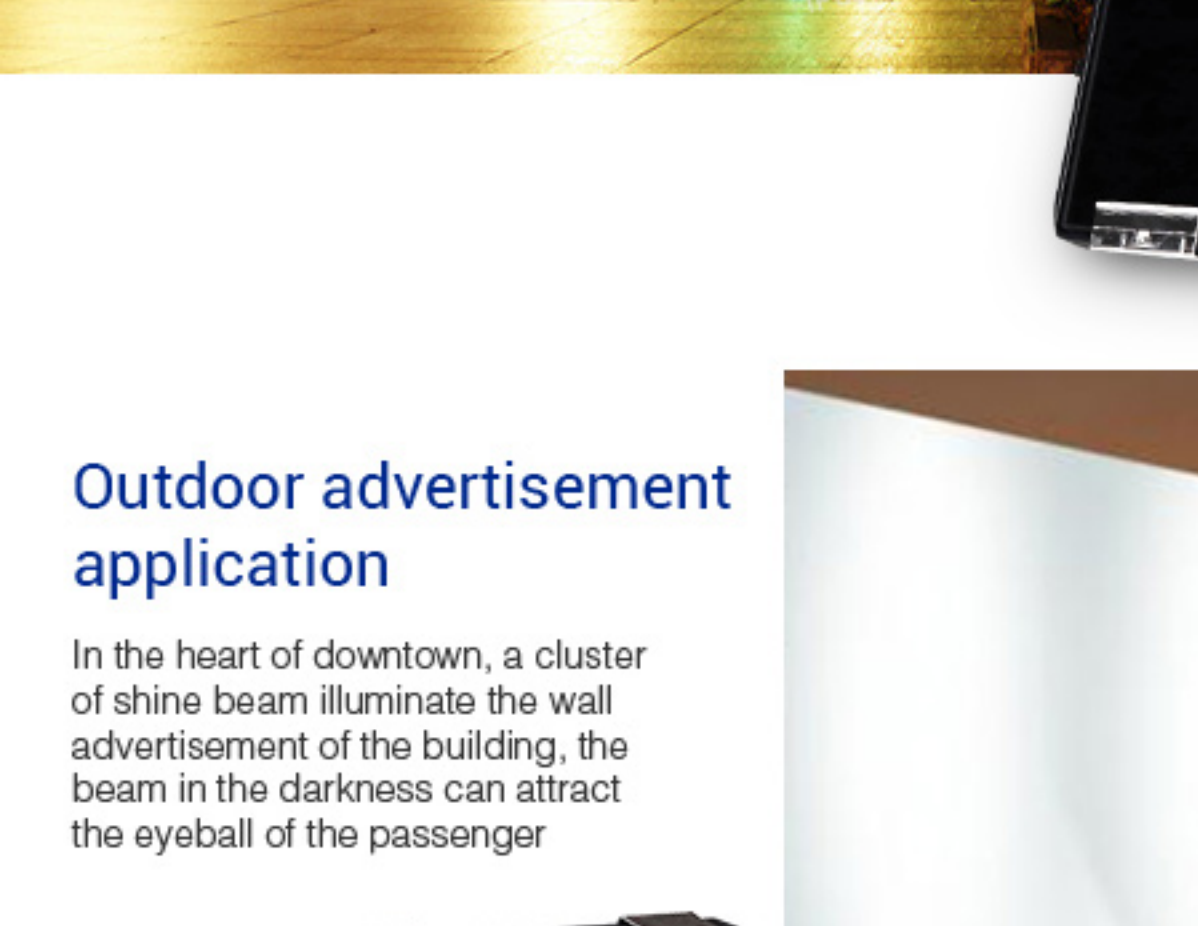

Construction application

In the dark, the whole structure of the building shows in the dark brightly use the super bright shine

Garden Park application

The thick forest overflowing with more vigour with the shine of the flood light

Square application

In the dark square we bring warm and romantic sentiment with colorful lighting

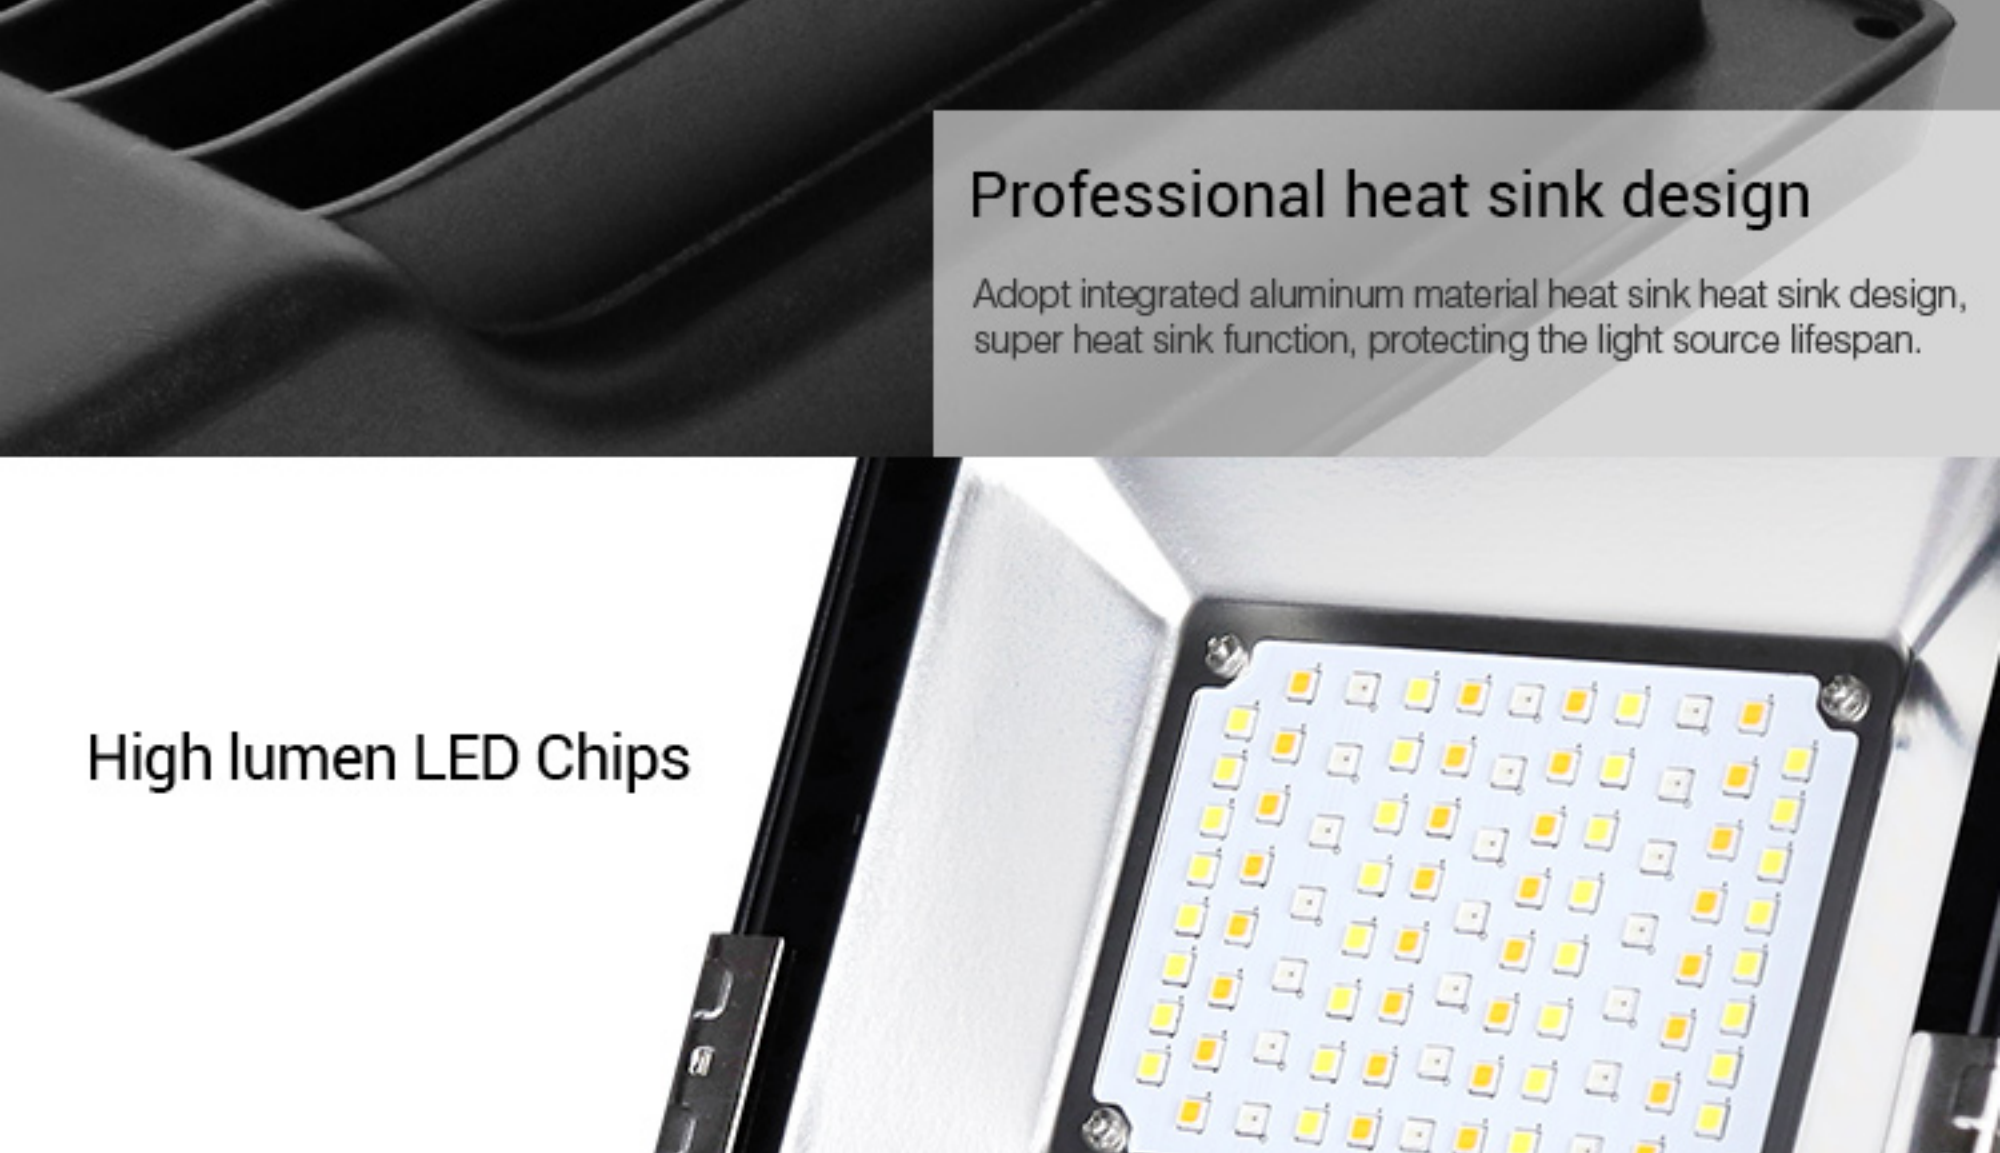

Outdoor advertisement application

In the heart of downtown, a cluster of shine beam illuminate the wall advertisement of the building, the beam in the darkness can attract the eyeball of the passenger

Product detail display

Professional heat sink design

Adopt integrated aluminum material heat sink heat sink design, super heat sink function, protecting the light source lifespan.

High lumen LED Chips

Waterproof plug

Copper nickel plating material. Waterproof and dustproof never rusting
