

Features

This product uses WiFi + Bluetooth + 2.4G wireless transmission technology, low power consumption, strong anti-interference ability. WiFi + Bluetooth connect network can greatly enhance the connect network experience. When the router is disconnected, Bluetooth can also directly connect and control equipment at close range.

After successful network configuration using [Tuya Smart] app to achieve remote control, group control, timing control, one key execution, automation, etc. functions. And it supports 2.4G remote control.

-  Smartphone app control
-  Remote control
Control distance 30m
-  Support third party voice control
-  Electricity calculating function
detect home electricity easily
-  Tap-to-Run & automation
-  Timing setting / countdown
Turn on / off device
-  Device sharing

Parameters

Product Name: Smart Plug (WiFi + 2.4G)

Model No.: SWEW

Input Voltage: AC180-240V 50/60Hz

Output Voltage: AC180-240V 50/60Hz

Output Current: Max 16A

WiFi Standard: IEEE 802.11b/g/n 2.4GHz

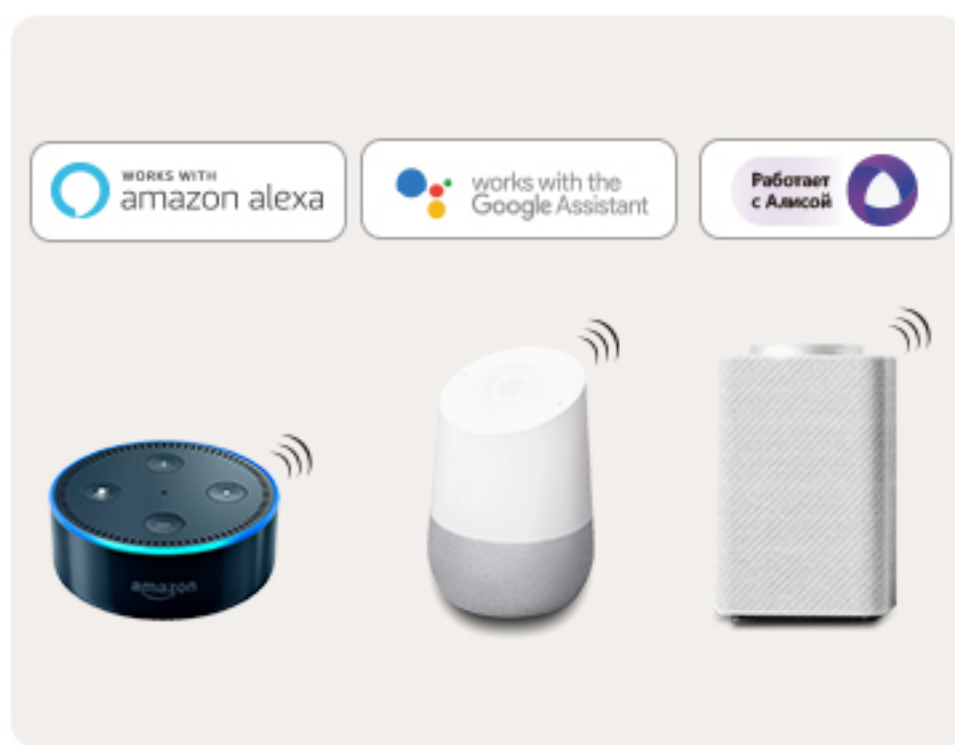

RF: 2.4GHz

2.4G RF Control Distance 30m

Working Temperature: -10~40°C

Support Tuya smart app control, no need 2.4G gateway

Support third party voice control

The shell is made of PC flame retardant material

Safety guarantee, caring to protect your safety

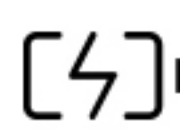

Child Lock

After the APP is turned on, the manual switch on the socket will be locked, and it can be released by pressing 4 times quickly

Power Failure Memory

APP setting plug state after power on

Overcharge Protection

When the power is less than 3W and lasts for 40 minutes the power will be turned off
